

2020 WINTER TAX BILLS

It has been brought to our attention that there was a processing error on the 2020 winter tax bills which changed the calculation of your 2020 winter tax bill. On the original tax bills, the RESA – OPER millage rate was listed as 0.9650 mill instead of the 0.0965 mill actually levied. The 2020 winter tax bills have been adjusted to reflect the lower corrected amounts and revised bills will be mailed out by the end of this week. If you have already paid your 2020 winter tax bill, we will process your payment and will issue you a refund for the difference. This has also been corrected in our online lookup and bill payment module. If you plan to pay online through our website, you will now only see the revised tax amounts and will only be able to pay the correct lowered bill amount. If you have any questions, please call the Treasury Department at 313-885-6600.
